*PDS Workshop Consumers Volunteer for  
Pulaski Memorial Hospital Auxiliary*

The Pulaski Memorial Hospital Auxiliary goes the extra mile in providing extras to Patient Care, both in-patient and out-patient.

Because everyone's schedules are so full, they decide NOT to have a fund raiser! Instead, they send a teabag to potential donors, ask them to relax, take a moment and send a contribution to PMH Auxiliary.

For the second year in a row, employees at Pulaski Developmental Services (PDS) have volunteered their time to put the mailing together for the Auxiliary. Shown here are several workers putting the mailing together.
