

PRESS RELEASE

Tour A Local Not-For-Profit Agency

JULY 2007

Peak Community Services provides a tour that is open to the community on the second Thursday of every month. The tours start at 9:00 AM and end promptly by 10:00. Tours are given at the Winamac facility at 1104 South State Road 35. They are short but very informative, and are open to anyone with an interest. We would like to community as a whole to know what this little gem does - and has been doing for over 50 years. Families with members diagnosed with developmental disabilities would also be interested in the services provided. Local businesses might want to take a look at the kinds of support we provide to area industry. Contact us to reserve a spot on the next tour, or just come. Call (574) 946-6188 or (574) 753-4104 ext 128, or email kthompson@peakcommunity.com.
