

PRESS RELEASE

Thrivent Financial For Lutherans Makes Another Generous Donation

MARCH 2008

For more than 100 years, Thrivent Financial for Lutherans has created programs and opportunities for Lutherans to support their congregations and institutions and to reach out to their communities. Over the past 12 years, Thrivent Financial has provided more than \$1 billion for charitable, benevolent and educational purposes.

This year, the Cass/Carroll County Chapter of Thrivent Financial purchased several items for the new Document Destruction site in Logansport. These items may sound insignificant, but to this program, they are a true blessing.

First and foremost, the new building now has a loud door buzzer to alert staff when someone has a drop-off at the door. There is also a tool kit with various hand tools, a vacuum, push broom and large dust pan.

Logansport Work Services also received some industrial aprons for consumers doing jobs that might ruin their clothing.

Once again, to the kind folks at Thrivent Financial, THANK YOU for thinking of persons with developmental disabilities when making your contribution!
