To all Peak Community Services Advocates: You were part of a national effort to ask the Congress, the Senate and the President of the United States to take another look at Medicaid rules, giving the administration another year to study the effects if the rules were to go into effect. The bill successfully passed in both the House and the Senate and was signed into law by the President. We were only a few people, but we helped to change the vote of a Congressman to a vote in our favor, and that counts for a lot. THANK YOU!
